USE OF THE INSTRUMENT

To measure CO

• Switch on the instrument by pressing briefly on **"On/Off/Hold"**.
  The instrument displays its name "CO50" then a 5 second countdown. This count corresponds to the preheating time of the sensor. At the end of the countdown, the measured value of CO is displayed.
• Press briefly on **"Select"** to move from CO measurement to temperature measurement.

Hold the measurement

During measurement:
• Press briefly on **"On/Off/Hold"** to hold measurement.
  "Hold" appears on the screen and CO and temperature measurements are fixed.
• Press briefly on **"Select"** to move from one parameter to the other.
• Press again briefly on **"On/Off/Hold"** to exit the Hold function.

Change the temperature unit

The instrument is on
• Pressing longer on **"Select"** to change the temperature unit.
